SUBMITTAL REQUIREMENTS:

Key: Y = meets submittal requirements
N = missing or incomplete information – letter of explanation required
NA = not applicable to this application

- _____ Provide two (2) sets of plans for residential demolition projects, three (3) sets for commercial demolition projects. Plans shall be submitted to the Building Safety Division, Planning & Development, and include the following:
 - _____ Site plan showing the property with all buildings. Show location of wells, septic system, and incoming buried utilities. As applicable, show location of wetlands, streams or ditches, slopes in excess of 30%. Show area of disturbance due to demolition and area where debris will be stored awaiting shipment to a waste facility.
 - _____ A disconnect letter from Lower Valley Energy and/or other utility suppliers stating removal of gas meter(s), and disconnect of electric service, phone service and cable service as required.
 - _____ For commercial projects or residential projects in high density developments, a plan for securing the site and pedestrian protection may be required. Notification of adjacent landowners and/or residents by the party demolishing the building may be required.
 - _____ A letter from an individual qualified to assess the presence of potentially toxic materials in the structure being demolished (i.e. lead based paints, insecticides, oil based paints, etc.), their removal and site of disposal may be required.

PERMIT REQUIREMENTS:

- _____ Temporary sanitary facilities shall be provided for workman on site.
- _____ An approved fire extinguisher shall be available at times during demolition.
- _____ Prior to shipment to a final disposal area, all debris shall be sorted. Failure to sort debris will result in higher disposal cost to the contractor and owner. **No on-site burning or burying of debris is permitted.**
- _____ Recyclable items and certain hazardous waste products may be disposed of at the Jackson Community Recycling center. Contact the Recycling Center at the number below to determine what hazardous products are accepted and when.
- _____ Finished materials in good repair, such as toilets, shower and tub valves, kitchen sinks, hardware and doors may be donated to the Habitat for Humanity resale outlet, Restore. Contact the store about other items they may need.
- _____ Other materials, such as drywall, insulation, treated lumber, plumbing waste and vent materials, etc., should go to the County Landfill to be transferred to a disposal facility.
- _____ Woodstoves or manufactured fireplaces may be disposed of at the Trash Transfer Station.

DISPOSAL OF DEBRIS:

_____ **Sorting:** Prior to transporting demolition waste to the Trash Transfer Station, Teton County Integrated Solid Waste and Recycling requires 48 hour advance notice, as well as receipt of asbestos abatement paperwork from contractors delivering large volumes of demolition waste. Please call the scale house, 733-7172, 48 hours in advance for all loads.

_____ **Items that go to the Trash Transfer Station (for current cost please call 733-7172)**

- _____ **Concrete Pile:** Concrete, asphalt, tile (items must be broken into pieces not more than 300lbs (about 2’X2’). Steel posts or rebar must be cut flush with concrete.
- _____ **Upper Hill Wood Pile:** Dimensional wood (must be clean of large metal pieces, wires, foam, and insulation. Nails, and small metal component are acceptable)
- _____ **Upper Hill Compost Pile:** Trees, branches, weeds, grass, shrubs.
- _____ **Scrap Metal Pile:** Scrap metal, wire.
- _____ **Tip Floor:** Gypsum board/drywall, non-certified refrigeration units

_____ **Items that go to the Recycling Center (no cost)**

- _____ Corrugated cardboard (no wax board or paper board)

INSPECTIONS: *Commercial projects will require a pre-demolition inspection. A final inspection is required after all work is done for both residential and commercial projects. At the time of the final inspection, all grading shall be restored to County standards and all utilities disconnected and capped. Abandoned septic tanks shall be pumped, their lids broken in and filled with clean fill material.*

Inspection Line 307-732-5745 Please call before 4:00 pm to receive an inspection the following business day		
Inspection Type	Sign-off	Inspector’s Initials
Pre-Demolition (if required)		
Final		

NOTICE: *I certify that I have read and examined this application and know the same to be true and correct. All provisions of the laws and ordinances governing this work will be complied with whether specified herein or not. The granting of this permit does not give authority to violate or cancel the provisions of any state or local law regulating construction or the performance thereof.*
